Color & Power **SELECTABLE** **LED UP/DOWN CYLINDER LIGHT** 20/16/10 & 38/31/19 WATTS with **PhotoCell**

The ALS-CYL Cylinder Light is a sleek, modern lighting fixture that combines architectural elegance with functional versatility. It's streamlined cylindrical design provides both visual appeal and performance efficiency. This light fixture offers versatile selection capabilities, including wattage and CCT selectable, distribution selectable and UP/DOWN selectable direction, allowing users to easily adjust settings to fit different environments and lighting needs. With standard photocell, ensuring that you can effortlessly manage lighting conditions while maximizing energy efficiency. Whether for kitchens, conference rooms, auditoriums, or exterior facades, the ALS-CYL Cylinder Light delivers a balanced mix of style, functionality, and superior illumination. This type of cylinder light fixture has quickly become one of the most specified and in-demand products in today's lighting industry—and for good reason. It combines architectural appeal, energy efficiency, and design flexibility in a way that few other exterior fixtures can match.
